

Trail Country News

Winter 2011 Issue

Chairmen's Corner

Russell Martin

As 2011 draws to an end, let's look back over the last year and see what you and your chapter have accomplished. Show-Me has had another great year! The reason for our success is due to the great members this organization has. The dedication of each and every member! You can see this in the total number of volunteer hours reported over the last 10 years. Show-Me's strength and pride were obvious at the annual membership meeting as we had one of the best turnouts ever. We had over 70 members camping and networking together. If you didn't make it this year, you must plan on it for 2012.

With the holiday season upon us, take a minute to look at all the things in your life that you are grateful for. Family, health, a good trail horse, and trails to ride. But these trails come with a price, and we must continue to work hard at keeping these trails open. I challenge each chapter or member at large to make 2012 an even more productive year than 2011. If we want the freedom to continue to ride Missouri's great trails, we must take the responsibility in helping to maintain them. So let's roll up our sleeves and prove to all the other trail user groups that equestrian people are just as dedicated to preserving our trails as anyone in 2012.

Happy Holidays from the Board Members of Show-Me Back Country Horsemen!

Coming soon, new website!

Same address:

www.showmebch.com

SMMBCH PRESIDENT'S REPORT

Tenth Annual Membership Meeting, "The best one yet". That was the comment heard several times following the 2011 Show Me Missouri Back Country Horsemen annual membership meeting at Brushy Creek. Several members arrived as early as Wednesday and more on Thursday and Friday. In spite of cloudy weather, there was good riding, good camping, and good fellowship. (see pictures on the next page)

The Friday night campfire featured Dennis Simpson performing various cowboy poems, both well known and original. Saturday morning featured an SMMBCH continental breakfast that included great poppy seed muffins, miniature sausage sandwiches, sausage rolls, yogurt, and pastries.

The new format worked well with the meeting starting at 9:00 A.M. and concluding at 11:08 A.M. Plenty of time was left to eat a quick lunch and then ride until 5:00 P.M. Various door prizes were awarded during the meeting. Riding included trails in the Mark Twain National Forest, riding on the Ozark Trail and other trails of Brushy Creek origin.

The Saturday night banquet was great with about sixty-four people registering. Following the banquet, Ed Copeland and Russ Martin served as live serious/comic auctioneers. There were deals and there were DEALS. Many contributed generously to our efforts. A silent auction was conducted during the day, ending at meal time. Intermixed with, and following the live auction, we were greatly entertained by the Backyard Bluegrass Acoustic Band. These folks are really great and are true professional quality.

Business included posted reports from all officers, committees, and chapters. These were posted for viewing and short summaries were given. Eldon Kreisel reported that SMMBCH as an organization is strong, flexible, and growing to meet our purposes. Carol Snell, treasurer, reported that the organization is well funded and strong financially. Also present were two representatives of our public land agencies. Trail rides represented were Big Creek, Brett and Lisa Howell, who donated the proceeds from aluminum can sales, and Brushy Creek, George and JoAnn Becker, who generously worked with us. Two new board members were elected and all the incumbent officers were re-elected. We welcome Candace Hale from the River Springs chapter and Dennis Simpson of the Mountain Riders chapter to the SMMBCH board. A list of current officers and board members appears in the back of the newsletter. Old business included an update on the Roger Pryor Backcountry trail that is being developed through the LAD properties. The Missouri Department of Agriculture has requested ideas to promote equestrian use in Missouri. An appeal was made for us to support RTP funding of national public lands, as it is in danger of not being refunded in the new Federal budget. An appeal was made for our membership to serve on committees and help at the local level. We need our membership to be able to give input and aid in decision making as well as working. Special issues of local interest were noted.

Sunday morning began with Cowboy Church on horseback. About thirty people gathered on horseback to start the day with church, then ride the trails again before heading home.

I would like to thank all those who worked so hard to organize and make this meeting a success. Also a thank you to our members and several commercial rides for donated items and support.

If you were not able to attend, please consider attending next year. Your attendance and participation is vital to keeping and maintaining our trails. AND YOU'LL HAVE A GOOD TIME.

Just a reminder, please remember to renew your membership. You are important to keeping and maintaining our trails.

Help For Cedar Creek Trails

Show Me Missouri Back Country Horsemen (SMMBCH), the leading advocate for maintaining equine trails on public lands, is spearheading a movement to restore the trails at Cedar Creek near Fulton, Missouri. A meeting has been scheduled for 5:30 PM on January 5th at the Golden Corral in Columbia.

Carol Trokey of the US Forest Service will lead a discussion of the trail needs at Cedar Creek. Representatives of SMMBCH will be there to talk about what they hope to achieve and to determine the level of interest in creating a new chapter of the organization. The goal of the meeting is to plan the work that needs to be done and to schedule a work date.

Central Missouri equine users of Cedar Creek have expressed an interest in working on these trails. Anyone with this interest is invited to attend the meeting. SMMBCH is not an exclusive group. All are welcome to help with the work. The meeting will be at the Golden Corral at 3421 Clark Lane in Columbia.

Mark Twain Lake Chosen as a Grant Recipient

Mark Twain Lake has been chosen as a recipient of a 2012 Corps of Engineers Handshake Partnership Program Grant.

The \$25,000 grant will be utilized to develop the Outdoor Adventure Campground in the Frank Russell Recreation Area. This multiple-purpose camping facility, serving the Northeast Missouri Environmental Stewardship Demonstration Area (NEMOESDA), the Joanna Multi-Purpose Trail, and the Frank Russell Recreation Area Equestrian Corral.

The facility will feature four paved trailer pads, hardened impact areas, a group activity area, 50-amp electric service and associated amenities.

This project will be developed in partnership with the NEMO River Valley Chapter of the Show Me Missouri Back Country Horsemen, a member of the Mark Twain Lake Friends of Recreation and Environmental Stewardship (FOREST) Council. The Outdoor Adventure Campground will offer improved camping opportunities for equestrian enthusiasts, and a group campground experience for regional youth groups utilizing the NEMOESDA Area. Construction will begin in the spring of 2012.

Reminder-Renew Your Membership Now!

If you have not mailed in your renewal for 2012 please do so now! It is very important for SMMBCH to keep our membership numbers up! We need you and your friends to remain on our membership list. There is power in numbers! So, if you do not have the renewal form, visit our website at www.showmebch.org, or email our Secretary Phyllis Rowe at randprowe@centurytel.net, or call Phyllis at 636-456-2647. She will be happy to mail you a form!

Brownfield Chapter Report

When the Brownfield Chapter was formed the year was already in the 7th month; however, members of the Chapter were part of a growing family and ready to work! Pruners and clippers were ordered which were funded by the Leave No Trace grant and the Chapter received a banner from SMMBCH. On September 22nd, the Brownfield Chapter went social - Facebook! Look us up on Facebook for information and photos: <http://www.facebook.com/#!/profile.php?id=100002963591110>.

The Tri-Lakes Chapter met with the Brownfield Chapter along with the U.S. Forest Service and other volunteers on National Public Lands Day for a combined work day on the Cole Creek Trails (aka Brownfield). The weekend was very successful - the weather was great and a lot was accomplished. The trails are easier and safer to travel and the time spent together was very enjoyable and new friendships began. Hot dogs, chips, and drinks were provided throughout the day and hamburgers were grilled that evening served with side dishes provided by the volunteers. Thank you again to everyone for their support in maintaining the Cole Creek trails and all equestrian trails!

The Lebanon Daily Record interviewed Lynetta Berncich and published the article 'Back in the Saddle' on October 18th about Cole Creek Trails and the newly formed SMMBCH Brownfield Chapter. If you would like to read the article, here is the link: http://www.lebanondailyrecord.com/news/local/article_6890306a-f9b3-11e0-8eeb-0019bb30f31a.html?mode=story

The Brownfield Chapter met on November 14th and had a great turnout! Since this was the first "official" meeting for the Chapter, Lynetta provided background on how the Chapter was formed, then Robin Vaughan shared information from the SMMBCH Annual Membership Meeting held on November 4th at Brushy Creek Resort. Beth Vacek volunteered to represent the Chapter as a member on the Education Committee with Marsha Copeland. Members were encouraged to attend other Chapter and SMMBCH events.

(continued on page 8)

The Story of Keith Temple

He's been called "a character" by many and when they first meet him, you might agree, but after getting to know him, you would state for a fact that Keith Temple *is* a character. You wouldn't suspect Keith to have the impressive credentials he has. His tall lanky figure, long beard, twangy drawl, and Harry Potter sorting hat might throw you off, at first, but Keith has a depth most people don't even suspect.

He grew up around Canton, Mississippi, and earned a degree in Animal Science from Mississippi State University. After graduating, he went to work for the U. S. Park Police in Washington, D. C., and several years later transferred to San Francisco to work patrol and dispatch for two years. While there, he was selected for training in the mounted patrol unit. He attended a 400 hour mounted patrol course in Washington, D. C., then returned to San Francisco and "rode on the beach" for four years. Keith says it was the best job he ever had. He got to ride in many parades, including the Tournament of Roses in Pasadena, California. Eventually other things and places called and he wound up in Fort Chaffee, Arkansas. That is when he found and bought his present farm in Kelly Hollow near Alton, Missouri. Still, it wasn't time to settle down and he moved back to Mississippi to work for the Bureau of Land Management as a wild horse and burro specialist.

Finally, after thirty two years working for the U.S. Government, Keith decided he had suffered enough of the heat and humidity of Mississippi and decided to retire to the ticks and chiggers of Missouri. He explained that he is grateful to the American taxpayer for his employment which allowed him to buy his farm, travel, and experience the wonders of this country. He even got to stand on the head of George Washington at Mt. Rushmore. Not many people can say that. That is why he contributes so much of his spare time to volunteering doing trail maintenance and sawing. It is his way of paying back the American people so we can experience what he has.

Keith founded the River Springs Chapter of the Show-Me Missouri Back Country Horsemen and was its first president. He is a certified sawyer with the Forest Service and has logged over 100 hours this year alone sawing and maintaining trails. He also volunteers for the Ozark Trail Association. He adopted a section of the trail near his home and has contributed 40 hours of sawing and trail maintenance with them. The OT Association thinks he has probably done more than 100 hours of volunteer maintenance this year, but 40 were all he reported. Personally, I agree. He is always on the trails with his horse and pack mule. He always has an opinion and does not mind sharing it. There will be a great void here without him.

Yes, Keith has his farm for sale and is looking toward the western states for his future residence, maybe California or Oregon. It seems a very nice lady named Erica is his next journey. I got to meet her at the spring Ozark Trail outing in Winona and I don't blame him for pulling up stakes. She's super. He will be sorely missed by the Ozark Trail Association, the National Forest Service and the River Springs Chapter of SMMBCH, but life must move on.

Keith working on trail clean up at Lazy C which is a primitive Forest Service Horse Camp.

MISSOURI EQUESTRIAN TRAIL GUIDE UPDATE

Marsha Copeland, SMMBCH Education Chair

"The Missouri Equestrian Trail Guide" is a brochure that most who have been involved in trail riding over the years would find familiar. Many of you probably have a copy stashed in your truck or trailer and have used it frequently. This publication, according to the Department of Natural Resources, State Parks Division, has been one of the most popular and asked for publication that they have printed. It lists the equestrian trails with directions to trailheads throughout the state and contact numbers of the public land manager agency. However, it has been around for years and as with all printed material, it has become outdated and needs a facelift. It cannot be reprinted in its present form. This is where you can be of help to make the next printing even better.

The DNR has asked SMMBCH to be a partner in the updating of trail information and to submit pictures for the new cover and some action pictures that depicts SMMBCH. So take your camera on the next trail workday and capture the action that shows the work we do to protect our trails. If you are aware of a new trail that is not currently listed in the old brochure, please use the contact information below to submit that material. The trail must be one that is acknowledged and supported by the public land manager.

Our part in this partnership project will be to verify and provide updated material and pictures for print. SMMBCH will also be featured in the print material with our mission, purposes, and contact information along with our Leave No Trace Stock Program. The DNR will be doing the layout and printing.

This will not be a quick or easy project. There will be a lot of time and effort in gathering and verifying the information. Hopefully some of you would like to be a part of this and respond to this plea for help in accomplishing this project. The project is already underway and much has already been done but help is needed. If you want to be more involved and a contributor to SMMBCH's purpose, here is an excellent opportunity. To send pictures, for more information, or to learn how you can be of help contact, Marsha Copeland (417-838-6762); or email mcope@centurytel.net.

Indian Trails Chapter Report

Marylou Kinsey

In the August issue of the "Trailblazer" magazine, Allison Schottenhaml was awarded the "Trail Warrior" award.

In October, members attended the RFD-TV's Best of America by Horseback filming that was held at the Brushy Creek Lodge in Black, Missouri. Kathy LaRue took 1st place in the trail challenge and Allison Schottenhaml was filmed during her interview with Del Shields on Sunday. Allison was also filmed when presenting Tom Seay with a lifetime membership to Back Country Horsemen. On November 22nd, members met at the local café in Lonedell, Missouri, to watch the airing of the Best of America by horseback. Needless to say, the place was packed!

In November, we started the month by attending the state BCH annual meeting held at Brushy Creek Lodge. Later in November, some members attended the "SAVE OUR PARKS" held in Clayton, Missouri, protesting against the possible closing of parks to include equine trails. Again, Allison brought forth great information to the Council in hopes of ending this senseless idea.

Our November chapter meeting brought about our first annual Golden Horseshoe award going to Gene & Cheryl Atterberry. One of our dearest members, Carroll Moorman, was recognized for his poetry. We have so many members who contribute and would love to say a big "thank you" to all.

We will not have a December Chapter meeting, but will return in January to start planning the year ahead.

Tri-Lakes Chapter Report

Tri-Lakes Chapter was busy during the August heat with three weekends seeing trail work done at the Hulston Mill, Lead Mine Conservation Area, and Bolivar Landing. With the extreme heat, Hulston Mill and Lead Mine CA were officially cancelled but some hardy Tri-Lakes members still showed up and clipped and cleaned trails. The key was ride early and stay in the shade for the rest of the day and partake of homemade ice cream. The weather was more cooperative for the Bolivar Landing workday with thirteen members working on the trails.

National Public Lands Day (September 24th) was a workday and campout held with the new Brownfield Chapter in their home area of Cole Creek Trails. New trails were ridden and cleared. New friendships were made and it was a fun and successful weekend.

October was dedicated to helping open old abandoned and grown over trails used by the J Bar S Horse Camp on Corp of Engineers land at Truman Lake. The new owners of J Bar S Horse Camp provided free camping for the weekend. J Bar S is also a SMMBCH affiliate. Sixteen members took advantage of the great weather and facility to open, clear, and clip the trails.

The Adopt-A-Highway 2 mile section north of Buffalo was worked on November 12th. Those doing the cleanup exchanged fantasy ideas about how to track and confront all the idiots that think it is okay to throw trash out of their vehicles. The ideas were amusing but not very practical!

Tri-Lakes will hold their first meeting of 2012 on February 4th to elect officers, set the 2012, calendar of events, and visit with good friends. I would like to thank all the Tri-Lakes members for their support of our chapter and all that they do.

2012 Member Appreciation Ride

Show-Me Members, mark your calendar for June 15-17, 2012 for the Member Appreciation Ride at Brushy Creek. This is the weekend we set aside for nothing but getting together to have some great trail riding and a lot of fun. There will be trailing riding, a poker run, challenge course, and a cook out on Saturday night. The only rule for this weekend is that no work is allowed. Call Brushy Creek at 573-269-4600 and make your reservation now.

(continued from page 5)

The Brownfield Chapter also discussed the upcoming year with exciting plans being coordinated:

- * Planning 2 work days - April 28th and September 29th (2nd Annual Brownfield Chapter Work Day on National Public Lands Day!)
 - * A youth ride and campout in the spring with details and a date to be determined.
 - * Meet with the forestry officials to discuss expanding the Cole Creek trails.
- More information will be posted on the Brownfield Chapter's Facebook and SMMBCH webpage!

Service Committee Report

WHY IT IS IMPORTANT: Please continue to report your volunteerism hours as I will send Missouri's final 2011 report to BCHA the first week in January. The importance of recording our work is expressed by Nick Martinez, National Service Director, on the BCHA website: *"Keeping track of all our volunteer efforts is one of most important things we can do in our efforts to keep our access to riding areas. "How?" you ask. All of the land managers and other trail users have trouble closing areas to us when we are doing large portions of the trail work - much higher percentage of the work than our numbers should be turning out. Our national total of \$6.6 million is a dollar value that gives our national representatives significant clout when trying to emphasize why they should be listened to."* So, even though winter is staring us in the face, if you are still out there working, educating, attending public meetings, or other endeavors on behalf of SMMBCH, please report those hours to me by Dec. 31, so I can count them for Missouri's 2011 volunteerism.

FILING TAXES: Remember, if you itemize on your income tax return, it is likely you can use miles driven to do volunteer work as a deduction. Ask your tax preparer.

NEW FORMS: To include all information requested by agencies and BCHA, our reporting form has been updated. Please recycle your old ones, and use the new form for 2012. Carol Snell is working at making this form active and available on-line, so it can be completed there and emailed directly to me. Or you can print it, complete it, and mail it.

The figures below reflect volunteerism for 2011 that has been reported prior to November 26:

Total People Hours	4365
Personal Vehicle Miles	10,512
Stock Hauling Miles	25,279
Equipment Hours, small and heavy	290
Stock Days	381
Donations	\$1,362
Total Dollar Value	\$182,247

Thanks for all your dedicated work! For assistance in reporting volunteer hours, call or email me—Mary K. Church; mkchurch@centurylink.net; 573-769-4050 or 573-406-2566

April 28th - Brownfield Chapter workday at Cole Creek Trail Campground, Lynetta Berncich, 417-588-4644.

June 15th-17th—Member Appreciation Ride at Brushy Creek Resort—more info to follow.

September 22—National Public Lands Day—more details to follow on each Chapter's plans.

See additional dates on the calendar page on the web, www.showmebch.org.

MOUNTAIN RIDERS CHAPTER

Mountain Riders held a membership meeting Thursday night, September 1st, at Ava Saddle Club. Members were informed of the SMMBCH activities. Bob Voyles talked about Friends of the Ozark Riverways and DNR updating trail maps. Members were asked to report any new trailheads not on the DNR map so they can be added.

Bob also let the members present know that SMMBCH is still working on the Roger Pryor LAD Foundation matter and advised them about the new Brownfield Chapter. He then displayed the new Mountain Riders logo banner.

Plans were made to hold an LNT training class on October 22nd and 23rd at the Bateman Ranch camp area. Russ Martin, LNT trainer, led the class.

NEMO River Valley Chapter

Mary K Church

This is the first year in our chapter's existence that we have not had to cancel workdays due to high water or extremely wet trails at Mark Twain Lake. We took advantage of that on all seven scheduled work days, but the drought was not good for the *big picture* in our community.

Eighteen members volunteered for National Public Lands Day, Sept. 24. In addition to regular trail work, Kenny Sharp water sealed the new pavilion, and we participated in the Corps of Engineers, First Annual Trash Masters competition. Our Trash Masters team hauled in an immense amount of trash; we were declared the winners, and awarded a plaque for our efforts. Eight members were able to attend the Oct. 22 workday, clearing downfall and sprouts from Mt. Pleasant Cemetery, and marking trails. In addition to work days on the schedule, Von has organized volunteers to accomplish clearing of needed drift and downfall.

Several members were able to take part in the Annual Membership Meeting where we enjoyed some great riding, as well as the business end of it.

Members will be notified of the 2012 re-organization chapter meeting which will be scheduled in January or early February.

National Public Land Days Work Group

Carol Snell, Linda Davis, Marguerite and David Jones

Correction on Indian Trails Chapter Report

In the last issue, it was mistakenly stated that Allison Schottenhaml gave a copy of the Equestrian Trail Building Book to Jan Hancock. The correct statement should have been, "A copy of the Equestrian Trail Building Book written by Jan Hancock was presented to MDC". We apologize for this error.

River Springs Chapter News

The River Springs Chapter closed out 2011 with a bang. Chapter member Candace Hale was elected to the SMMBCH Board of Directors at the annual membership meeting at Brushy Creek Resort on November 5th. This is a three year position and Candace is looking forward to her term and representing the chapter at the state board meetings in the future. Candace is also a member of the Education Committee. Other chapter members attending the membership meeting were Robert Denison, Denise Kunz, and Service Committee member Paula Hull.

Member and past Chapter President Keith Temple logged over 100 hours of maintenance and sawing on various trails in southern Missouri this year. Keith was the force behind forming the River Springs Chapter in 2009 and has been named "Member of the Year" for 2011 by the chapter. Thanks to *all* our chapter members who devoted time this year to promote the mission of Show-Me Missouri Back Country Horsemen!

Chapter members Paula Hull and Candace Hale attended a trail ride on October 29 at the O-3 trail near Grandin, MO, which was also attended by SMMBCH Board Chairman Russell Martin and his wife Tammie. The ride was hosted by the Ripley County Wagon Train and Trail Ride Association (RCWTTRA). After a great trail ride, fish fry, and powwow around the campfire, which included an introduction to SMMBCH by Russell Martin, the association had several members express interest in joining the River Springs Chapter or possibly, with their 70-plus membership, forming their own chapter sometime in the future. RCWTTRA has been active for over five years maintaining trails and campgrounds in the southeast Missouri area and would be a great asset to SMMBCH.

The River Springs Chapter wishes everyone a wonderful holiday season and all the best in 2012!

Candace Hale, Russell and Tammie Martin,
and Ruth Garner.

Candace speaking at the Annual Membership Meeting at
Brushy Creek.

EDUCATION for 2012

2012 is here and waiting to see what adventures, good and bad, will unfold during its run. And run, it does. The old saying, "Time waits for no man," never seemed truer than last year as it zipped by with or without our best-laid plans or ideas. It is time to start planning for 2012, to build on our successes from last year, and bring some of those left-over ideas and educational events to life.

The Education Committee has a member from each chapter and also representation for Members-at-Large. During your first chapter meeting this winter, visit with your Education Committee member and give them your ideas of what you would like to see in the way of a chapter event. Chapter youth rides have been very successful; however, not all chapters were prepared to take one on in 2011. We have learned a lot from this and how to better prepare. Think about agreeing to serve on your chapter's education committee and lending a helping hand for your own chapter youth ride.

While Youth rides have been successful, there are many informational ideas and events each chapter could/should provide for its members. How about these....

- 1) Which public land management agency are you helping when you saddle up to clip and clear those trails? How many public land agencies does Missouri have? Are they state or federal agencies? What is the difference in the rules and regulations they expect you to know and follow?
- 2) Would you like to have chainsaw or cross-cut saw training and certification?
- 3) Would you attend CPR training if your chapter provided the opportunity?
- 4) Can you identify the symptoms of a horse tying up or showing early colic signs?
- 5) Would you be interested in large animal disaster training?
- 6) Would you be interested in search and rescue training by horseback?
- 7) If you were asked what SMMBCH is all about would you know what to say? If you had a script to read from, pictures provided, or other promotional items, you could. We have that for you!

Hey, we could go on and on, but you get the picture. There is no doubt you can think of a lot more. If these or other ideas interest you, ask your Education Committee member about it and see if we can't get something planned and carried out during this new year. There are hundreds of horseback riders out there that have not heard about SMMBCH. Each of us is an educator by just making others aware of what we are doing and how they could be involved. Providing chapter educational opportunities such as those listed above can go beyond our own members and perhaps gain us new members.

Well, 2012 is here and so are we. Let's make it a great year. Talk with your Education Committee member in your chapter. Help make 2012 a year full of new chapter events and education

Trail Country News

Publications Committee- Janet Karrenbrock,
Dana Esbensen, Kathy LaRue, Phyllis Rowe, Lois
Dickherber and Paula Cazzato.

Trail Country News is the official quarterly newsletter of the Show-Me Missouri Back Country Horsemen (SMMBCH), a non-profit 501c 4, member supported, volunteer organization. Reprint permission must be solicited from the Editor and, as applicable, the authors. Articles of relevance to our purposes are earnestly sought. The views and opinions expressed in authored articles may not necessarily be those of SMMBCH. Please visit our website (www.showmebch.org) and that of Back Country Horsemen of America (www.backcountryhorse.com) for additional information and articles.
